#### **Not Independent**

By law we are required to disclose that we are not permitted to call ourselves independent in accordance with s923A of the Corporations Act (2001), as we receive commissions on the sale of life risk insurance products. This commission is retained by MPW in exchange for a reduced or in some cases zero advice cost to the client. Additionally, in the event of a claim for insurance policies that we have recommended and that continue to be under our advice, we provide assistance during the claim process at no cost.

## 5. How We Protect You and Your Assets

MPW maintains an Approved Product List (APL) supported by research from our external asset consultant and external research houses. Generally, MPW's product recommendations are restricted to its APL. However, where you hold an existing investment or insurance product or request us to consider a product outside MPW's APL, MPW has a special approval process in place to accommodate your requests, where appropriate. Any considerations identified as part of this special approval process will be communicated to you before we document your personal advice recommendations.

Your financial future,  
tailored your way

To protect your interests your advisor is restricted to MPW's Approved Product List unless they receive special approval from MPW's Chief Investment Officer to use alternative products.

MPW advisors only advocate long-term investment strategies which do not take unnecessary risks with your investments. Your MPW advisor is not permitted to switch your investments frequently or make speculative investments in products such as tax-driven schemes or unregulated products.

MPW *does not* allow your advisor to:

- Act as a trustee for you or operate a trust account on your behalf;
- Hold funds or have access to withdraw funds on your behalf;
- Act on behalf of any other Australian Financial Services Licenceholder;

#### Managed Discretionary Account (MDA) Services

- Allows you to grant your advisor an authority to make investment decisions on your behalf and arrange transactions (eg. Buy or sell investments) without having to seek your authority before every decision or transaction is made.
- This arrangement benefits you by reducing the administrative burden of completing paperwork and signing documents and equipping us to quickly and efficiently implement changes to your investment portfolio.
- Although MDA services are undertaken within a strong framework of compliance requirements and transparency where every transaction is tracked and audited through the administrative service, there are certain benefits and potential risks associated with an MDA Service. Further information on MPW's MDA services is in Part 3 of this FSG.

## 9. Advice and Services Focused on your Best Interests

MPW's advisors will only prepare personal financial advice after conducting an appropriate investigation into your personal needs, goals, financial circumstances, financial strategies and products most likely to provide for you and your best interests.

Quality and appropriate personal advice can only be provided where we can understand enough information about you and your personal and financial objectives and situation and relevant issues to provide appropriate recommendations aimed at improving your current situation.

Ultimately, you choose the amount of information you feel comfortable to provide. However, if you do not provide all the information we need for the relevant scope, you risk receiving advice that may not be suitable for you.

Where you do not wish to provide information regarding your full situation because you only require advice based on a specific need or objective, such as rolling over your superannuation, your MPW advisor will make you aware of the possible risks if you do not provide the information, and will limit the advice accordingly. Your MPW advisor can only provide personal advice if they believe they have enough information with which to provide advice that is in your best interests.

Where your personal goals and financial circumstances change at any time, you should contact your advisor as soon as possible. How MPW and your advisor protect the privacy of your information is outlined in our Privacy Policy later in this FSG.

## What will you receive when we provide you with personal financial advice and services?

When your MPW advisor provides you with personal advice and services they will:

- Take time to understand your unique needs, objectives and personal circumstances and will reconfirm this back to you to ensure a thorough understanding before moving ahead through the advice process;
- Assist you to determine the scope of advice and services likely to provide for your needs or improve your financial situation. Your advisor will do this by explaining the full range of MPW's advice and services, their benefits to you and any implications where you decline any aspect of the advice and services MPW provides;
- Document the advice and services agreed to, along with clarifying any area of advice not included at your request;
- A quote detailing the cost of the advice and services will be provided and agreed with you prior to developing and presenting the advice in a Statement of Advice (SoA);
- Provide a detailed SoA that separately explains the benefits of your personal strategy and any financial product advice, along with the full costs of implementing each type of advice, including our fees (and/or commissions, where relevant). The SoA will also detail any risks associated with the advice as well as any associations or conflicts we may have so you can make informed decisions;
- Provide you with a Product Disclosure Statements (PDS) for each product recommended to help you to make an informed decision about whether to purchase that product. These documents are normally provided electronically, however if you prefer hard copies these are available on request;
- Ensure you are comfortable with the advice and are ready to implement any recommendations before obtaining your signed Authority to Proceed.

## When will you receive a SoA?

Your MPW advisor may meet with you several times to discuss possible strategy and investment options before finalising their recommendations. Your MPW advisor will explain to you their advice and recommendations clearly within a written Statement of Advice (SoA). You should only act on recommendations or advice after reading and understanding your personal SoA presented to you.

## You may not receive a SoA in the following circumstances:

- **General advice:** Such as advice provided in seminars and through newsletters, which does not consider your personal circumstances;
- **Ongoing Managed Discretionary Account Services:** Which allow your financial advisor to manage your investments on your behalf; or
- **Further advice:** If you previously received advice recorded in an SoA, any further advice which is not significantly different to the initial advice will be recorded in a Record of Advice (RoA). You can request a copy of the RoA from your advisor, up to 7 years after the advice was provided, by simply contacting us in writing by any of the methods covered in this FSG.

Your financial future,  
tailored your way

## 10. Remuneration

### Advice costs, commissions and incentives:

Remuneration structure details specific to each advisor can be found in Part 2 of the FSG which is a separate document titled Part 2 MPW Advisor Profiles. If a Managed Discretionary Account is relevant to you, you will also receive Part 3 of this FSG, titled FSG MDA Disclosures. Part 3 contains costs and other information relevant to our MDA services.

### What costs are charged for initial advice?

Initial advice costs are charged by MPW which cover the costs of developing financial strategies, preparing a SoA and meeting with you to ensure you understand the advice. The amount charged will be based on the scope, complexity and level of professional experience required to develop quality personal advice. MPW will provide you with a written quote which needs to be agreed to prior to your advisor preparing any personal advice.

To proceed with the written advice, MPW requires fifty per cent (50%) of the advice fee to be paid up front. The balance of the advice fee will be payable following the presentation of your SoA.

MPW may also charge costs associated with implementing the advice where you agree to proceed. Implementation costs are based on the complexity and time taken to implement the recommendations. Your MPW advisor will provide you with a written advice and service quote which you will agree on prior to your advisor preparing any personal advice. The fee is usually payable in full once the implementation is complete.

### What costs are charged for subsequent services/advice?

Your MPW advisor can provide ongoing advice and an MDA service to ensure the initial strategy and products recommended continue to be appropriate for your changing needs and circumstances.

The cost of ongoing services are based on the scope and complexity of the advice services you choose to receive. Your MPW advisor will agree the amount of the costs with you and detail it in your SoA and an annual Ongoing Service Agreement. You have the option of paying the advice costs as a monthly deduction from your investment platform account (where relevant) or paying directly to MPW via BPay, direct debit or credit card (non-super accounts only). Professional fees for ongoing strategic advice only, will be quoted on an annual basis and paid six monthly or quarterly in advance. Your MPW advisor will continue to charge the agreed ongoing services costs until you notify them that you no longer require ongoing services, or the arrangements lapse by contract or law.

Your financial future,  
tailored your way

## Does my MPW advisor receive commissions from product providers?

MPW receives commissions in relation to risk insurance only. Where we arrange life insurance policies on your behalf we may receive commissions paid to us by the product provider. The commission will vary between insurance companies and the type of insurance product recommended. Commissions paid in the first year will vary between 0% and 60% of the first year's premium plus GST. Upon annual review of your policy we may receive commissions of up to 35% of the annual premium plus GST. Initial and ongoing commissions help cover MPW costs involved in the initial application and annual review of policies.

For example, if you purchased a life insurance product for an annual premium of \$1,000, we may receive an initial commission from the insurance provider of up to \$600, and an additional commission of up to \$350 per annum upon renewal of the policy each year.

Full details of any commissions received, retained and or rebated (if any) will be disclosed in your personal SoA.

## Relationships and incentives:

**MPW is fully owned by Directors of the Morrows Group. No product providers or large institutions own or control any part of MPW or the Morrows Group.**

MPW and your advisor may receive additional benefits such as help with marketing expenses, complimentary or subsidised attendance at conferences, training seminars and workshops, and other rewards such as gift vouchers, tickets to sporting events and invitations to social events that are below the value of \$300. These benefits that are valued between \$100 and \$300 and other benefits that relate to information technology software or support provided by a product issuer or that relate to educational and training purposes are recorded in a register. The MPW Register is publicly available and your advisor can provide a copy to you on your request.

MPW manage some investment products through Separately Managed Account (SMAs) which reflect MPW's unique investment philosophy. Macquarie Investment Management Limited is both the responsible entity and implementation manager for these SMAs. These SMAs are made available as investment options for MPW clients on Macquarie's investment platforms. MPW provides investment management services to these SMAs. MPW does **not** receive a fee for providing its investment management services.

## Further details on remuneration and benefits in relation to Financial Services:

When your MPW advisor provides personal advice on personal risk insurance products they will disclose certain details of remuneration (including commission) or other benefits that they receive, or that MPW or another associated person receives because of that advice (Remuneration or Benefits).

MPW advisors will always ensure personal advice provided to you is appropriate, in your best interests and this is prioritised over any benefits MPW or your advisor may receive under commercial arrangements from related parties. No remuneration or benefits are paid to MPW staff where they recommend another member of the Morrows Group provide services to you (such as tax, accounting or legal).
