

Staff Profile: Lisa Wilson

Lisa is the Manager of Business Advisory and has over 15 years of professional experience. We spoke to her about her time at Morrows and her interests:

What brought you to Morrows and what were your first impressions? I started with Morrows in July 2012 after living overseas and travelling for more than 7 years. I found the Morrows team to be extremely welcoming and I loved their focus on staff and families.

What is your background and what do you enjoy about your work? I completed my Chartered Accountant qualification in 2002 and have been working in the accounting profession for 15 years. I am lucky to have found a career that I really enjoy and strive to succeed in. I enjoy working closely with my clients to learn all about their world and offer a solution unique to their circumstances.

If you weren't an accountant what would you be? I always wanted to be a marine biologist growing up. Definitely a role where I can enjoy the outdoors more!

If you could witness any event past, present or future, what would it be? Looking to the future I would love to know what technological developments will be introduced over the next 50 years and how our lives will change as a result.

Favourite travel destination? I loved my adventures travelling through Central America for the variety of travel destinations, from wild jungles with amazing animals to some of the most magical beaches and islands I have ever been too.

Favourite book, movie or play? I watched a Broadway production of *The Merchant of Venice* starring Al Pacino in a small theatre while I was in New York in 2010. This one has stuck with me as quite memorable.
